## Council Votes 3-2 to Deny I-1 Zoning of 8-Acre Strip

Despite vigorous arguments by Mayor Alan Kistler and Councilman Dave Champion, the city council Monday night voted 3-2 to reject a petition to change the zoning of the eight-acre strip of land between Edmonston Road and Kenilworth Avenue (opposite the junior high school) to light industrial (I-1). This vote supported the city Advisory Planning Board, which recommended against the petition.

The decision of the city council was forwarded to the Prince Georges County Commissioners, who make the final decision. Although the recommendations of the city and Maryland Park and Planning Commission are considered by the county commissioners, the latter on occasion have ignored the recommendations of both these bodies. The County Commissioners were scheduled to hear the zoning petition yesterday.

Owners of the land, Martin and Solomon Associates of Silver Spring, have announced their intention of erecting an electronics plant and office building on the site and leasing it to Entron, Inc., a Bladensburg electronics manufacturer. In fact, Martin and Solomon have told the council that the lease has already been signed.

Neither the Advisory Planning Board nor the council objected to an electronics plant, provided it was an attractive building and the land properly landscaped. However, Councilmen Tom Canning and Edgar Smith pointed out that there was no assurance of how the site would be used by the owners once the land had been rezoned for light industry. Smith declared that "we could wind up with a junk yard." They noted that Martin and Solomon offered to show the council the signed lease with Entron but had not done so.

Canning also said there was strong objection from Community Builders, which is developing a large apartment house project on the Perkins property behind the junior high school. Canning presented the original motion to deny the petition on the grounds that it would have an adverse effect on the adjacent residential area.

Smith amended the motion to include the more legalistic grounds that the I-1 zoning does not conform to the city's officially adopted land use plan and is also undesirable spot zoning (a variety of zoning in one area). At the suggestion of City Manager Charles McDonald, the additional point was included that there is already sufficient light industrial zoned property in the area to take care of the erection of an electronics plant.

The Advisory Planning Board listed four reasons for denying the petition. Its report said it has been unable to devise any method to assure the development of land as indicated on the site plan. Although the board granted that the proposed type of development might prove to be an asset to the community, they felt that this was not the time to give up the limited public control of the area.

The Board also listed as a reason the argument that an undesirable development would have an adverse effect on the value of the nearby residential area. Finally, the report noted that at the

present time Edmonston Road is the only access to the planned apartment development and that the erection of an electronics plant would create a traffic problem.

Mayor Kistler stated forcefully that he saw no merit in the first three reasons, although the traffic problem was a valid point. He also admitted that he was basically opposed to spot zoning and did not like to see it in Greenbelt. However, he felt that the arguments in favor of encouraging the construction of an electronics plant here outweighed everything else.

Both Kistler and Champion declared that the strip of land could not be used for residential development and was right on Kenilworth, which will be a future through truck route. No homes will be built in the area, which will be cut off from the rest of the city by the Capitol Beltway, and it is close to the Beltway Plaza. Mayor Kistler further argued that there was always some risk involved in rezoning land and that the proposed development could be an attractive asset.

Clifford Simonson, a member of the Advisory Planning Board, emphasized the great reluctance of the owners of the property to give any information about plans. He objected to this extreme secrecy and asserted that he did not feel the city should "buy a pig in a poke."

## Council Notes

Teen Club has been given permission to operate the snack bar at the Youth Center.... Council has selected Friday, September 15, as date for accepting and opening bids on construction of municipal building.... Council has delayed action on building traffic islands at entrance to East parking lot, pending further investigation by Advisory Planning Board of alleged safety hazard created by gas station.... The Council asked the manager to plan for maximum parking on the road shoulders on Crescent Road between Westway and Southway.... As a result of a letter written to the council by four young teenagers, Barbara Skolnik, Reba Schwimer, and Phyllis and Rachelle Chasnow, the council decided to revitalize the city's civil defense planning and appointed a committee composed of Hal Silvers, local resident and County Civil Defense Director, the police chief, fire department and rescue squad chiefs, the public works director and the city manager to study the local civil defense problem and recommend action to be taken.

The youngsters urged immediate attention to the problem of civil defense, even to the extent of making public collections to construct a few fallout shelters.

## Police News

About ten Prince George's County criminal cases were closed upon the apprehension and subsequent interrogation of four Greenbelt youths, caught in Montgomery County on suspicion of breaking and entering the Oakview Swimming Pool and stealing seventy dollars from the pool. Two of the youths were juveniles. The other two were young adults, Lewis Merritt and Gene Ullrich. These four are also responsible for breaking into the Greenbelt Pool and stealing \$50 from the cashier's room, as well as for breaking into a residence on Northway while the occupants were on vacation, and taking items totaling \$75 in value besides doing damage to the furniture. The County is expected to place several charges against these youths.

Two reported thefts of gasoline from parked cars were reported this past week. One auto was parked in an open garage at 39 Ridge, and the other was parked in an open parking area on Northway.

There were reports from five persons stating that their car aerials had been bent or broken. All these reports were made the same night. There was an attempted entering of a car parked on Gardenway.

An attempted breaking and entering was reported from a residence on Plateau. A screen had been cut, but the house had not apparently been entered.

## Goldfaden, Phillips, Champion, Bowman File In Council Race

The latest candidates for city council to throw their hat into the ring are Ben Goldfaden, 3-A Ridge; Bill Phillips, 3-D Ridge; Bruce Bowman, 14-Z-3 Laurel Hill; and David Champion, 11-L Laurel Hill. The last two are currently council members. It is generally expected that two additional incumbents, Tom Canning and Mayor Alan Kistler, will file their petitions for nomination before the week is out. The final incumbent, Edgar Smith, has decided not to run for reelection.

## Webb and Knapp Sell Local Holdings

Although not officially confirmed, City Manager Charles McDonald reported to the city council Monday night that he has information that Webb and Knapp has completed the sale of all of its Greenbelt property. One confirmed sale is the purchase of 100 acres, including the extension of Lakeside, to Charles Bresler of Washington, who built the Greenbelt Plaza apartments here. (See story on page 6)

The triangular portion of land to be cut off by the Capitol Beltway (circumferential highway), which has always been marked as potential commercial property, has been purchased by a Philadelphia firm which specializes in developing large shopping centers. The remainder of the Greenbelt land is reported to have been purchased by Silver Spring developers.

Webb and Knapp, the second owner of the Greenbelt vacant land, held onto the property for about a year and a half. The chief reason for the sale of the land by the nationally known real estate development firm headed by William Zeckendorf is reported to be the need to liquidate some of their holdings. Webb and Knapp specialize in the purchase of hotels.

The only additional candidate who has filed is Harvey Geller. The deadline for filing is Monday, August 21. Citizens desiring to become candidates for the September 19 city election must file petitions containing at least 43 and not more than 71 names of qualified voters at the city clerk's office (together with a \$3 filing fee). A voter may sign only one nominating petition, even though he may vote for five candidates at the election.

### Registration

Monday, August 21, is also the deadline for registering to vote in the election. City clerk Winfield McCamy reported that 53 persons were registered last week at the trailer in front of the North End School. She cautioned that many people erroneously think they are registered to vote, whereas in reality they are only registered for state and national or Greenbelt Homes, Inc. elections.

A list of registered voters is published on the back of the News Review. Citizens are asked to check this list to make sure that they are recorded. Final registration dates will be held at the city offices on Saturday, August 19, 12 noon to 6 pm, and Monday, August 21, 6 p.m. to 9 p.m.

The city council has decided to hold the election in the lobby of the swimming pool. The fire department building had originally been selected as a site, but the council felt it was too remote. For the first time in the history of city elections, voting machines will be used. This will assure prompt returns. In previous years, the results were

(Continued on Page 6)

## GHI Manager Reports Move

### Into Center Store Costly

by AL SKOLNIK

The Greenbelt Homes, Inc. board of directors is having some second thoughts about opening a sales and service office in the center in the vacant store formerly occupied by High's. A report submitted to the board last Thursday, August 10, by GHI manager Paul Campbell shows that the expenses of operating such an office will exceed anticipated income by more than \$7,000 a year.

"Under the most optimistic assumptions," Campbell said, "the maximum additional income that GHI could possibly hope to obtain through additional sales would be about \$6,000." At the same time, the annual expenses involved in operating such an office, he estimated, would be over \$13,000.

After receiving this information, the board decided to suspend its move into the center, pending a further study of the manager's report. Last spring the board decided to obtain a "foothold" in the center on a modest basis by subletting space in the office of Twin Pines Savings and Loan Association on Centerway. At its July 13 meeting the board decided to move more aggressively by opening its own office in the space vacated by High's. A major consideration in this decision was the reluctance of many board members to have GHI share an office with a lending agency.

Those advocating the move into the former High's store recognized the additional costs involved but felt that some savings might be effected. In reply to questioning last Thursday night, Campbell stated that practically any service pro-

vided by GHI in the center would be duplicative of services already provided at Hamilton pl.

### Details of Report

Campbell's report estimated that annual rental costs would be \$3,150; utilities, \$675; and salaries (including those of a licensed real estate agent) for full-time staffing, \$9,850. In addition, there would be the capital expenditure of furnishing the office. Finally, it was revealed that Twin Pines considers its verbal arrangement for subletting its office as binding and would want GHI to pay the rental (\$800) for the period of the lease.

The disclosure of the latter item came as a surprise to the board, especially the newly-elected members, since it was understood that no agreement had been signed with Twin Pines. Campbell explained that he had thought that Twin Pines would not have held GHI to the verbal agreement. Hence, when questioned on this matter at a previous meeting, he had stated that no final agreement had been reached with Twin Pines.

Another complication is the desire of the landlord -- GCS -- to secure a 3-year lease for the space vacated by High's. The agreement with Twin Pines

(Continued on Page 5)

## Planning Board Meets

The Advisory Planning Board, meeting last Thursday, produced their 7th report to council--a recommendation against industrial zoning for the 8-acre strip of land opposite the junior high school building. They also considered a map, submitted by Greenbelt Consumer Services, to change the access road to the Co-op service station. The board sent the proposal back to GCS, however, for further changes. They will hold a special hearing on the request tonight.

A Washington area builder, Charles Bresler, discussed with the board his general plans for development of a 100-acre tract of the Webb & Knapp property, which he has recently purchased. (Details of the Bresler plans appear elsewhere in this issue.)

Because of the press of specific requests, the board was unable to give more than cursory consideration to their general survey, or outline, for a set of goals for the community. Members of the board have been working on such a policy guideline all summer and have a rough draft worked up at present.

## Twin Pines Picnic

Games, canoeing, balloons, and free drinks will be available to Greenbelters Sunday afternoon when Twin Pines Savings & Loan Association holds its annual picnic at Greenbelt Lake.

Tables have been reserved, and charcoal fires will be provided for families invited to bring their food for an afternoon of fun.

Thursday, August 17, 1961

## An Evaluation of the Council

During the city council election campaign two years ago, the NEWS REVIEW proposed an 11-point platform, which it offered as a course of future action for the newly-elected council. With some minor exceptions, the incoming councilmen had indicated approval of that platform. It is therefore fitting at this time, with another city election scheduled for Tuesday, September 19, to review the deeds of the council in relation to the proposed platform.

### City Services

A major series of planks proposed by the NEWS REVIEW dealt with the need for city services to restore and beautify park and playground areas, to maintain proper recreational facilities, and to assure adequate police and fire protection.

The city council is to be commended for its start in wiping out so-called "dust-bowl" areas by the resodding of courts and playgrounds. The problem, however, is only half-licked. These resodded areas need to be maintained and so far the council has not provided the vigorous leadership and direction to city management for a maintenance program of continuous care. An illustration of this lassitude was the decision of the council not to expand the public works staff in face of a recommendation by the Recreation Advisory Committee to the contrary.

Similarly, the council has shown no interest in the NEWS REVIEW plank for the rehabilitation and development of the Greenbelt Lake area, including the construction of a park shelter. This item has been submerged along with the capital improvements budget which is sorely-needed to help finance long-term major improvements.

On the positive side, however, the council has wisely resisted efforts to cut the services provided by the recreation and police departments. It has also established a Recreation Advisory Committee, as proposed by the NEWS REVIEW, and staffed it with some able people. As a result, the council has now received several comprehensive reports recommending action with respect to the improvement and proper care of the ballfields and play areas, the restoration of the tennis courts, and the introduction of a supervised summer tot playground program.

### Construction Program

Another series of planks in the NEWS REVIEW platform supported the construction of a fire department, Youth Center, and municipal buildings, with the city to retain control over the use of all buildings and with all civic and recreational groups assured access to the Youth Center. The city council can rightfully take pride in its accomplishments in this area. The Youth Center and fire department buildings are living realities and final work plans for the municipal building are now being prepared.

## Teacher for Nursery

Mrs. Lisa Dalton has been reappointed for the third year as teacher by the Greenbelt Nursery School, Inc. The school, a co-operative, has been in existence almost as long as the town of Greenbelt. It is the only fully-accredited nursery school in Prince Georges County.

Children aged three and four are eligible, and the school is in session five days a week, from 9 to 11:30 a.m., at the Fellowship Center (located behind the Community Church on Hillside and Crescent Roads). There are still a few openings for the coming term. Interested parents may call Beauchamp, GR. 4-6182, or Skolnik, GR. 4-6060.

## Md. University Ends

## Admissions on Sept. 1

September 1 has been set as the cut-off date for admission applications to the University of Maryland 1961 fall semester session of all undergraduate day divisions.

The deadline, after which no undergraduate applications for admission will be considered for the fall term, was established because of large annual increases in applications which have been received by the university's Office of Admissions and Registrations. Prior to August of this year, 8700 applications were received and processed. Of the number of applicants, more than 4000 new students have been admitted already to the university.

An additional 400 admission applications are expected for processing before the September 1 deadline.

Previously, admission applications were accepted for a particular term up until the end of the first week of classes.

Registration for all university students for the 1961 fall semester will begin on September 18. Classes will begin on September 28.

Director of Admissions and Registrations G. Watson Algire said today that January 1 had been established also as a deadline date for applications from students who planned to enter the university for the 1962 spring semester.

There will be no change in Graduate School admission applications deadline dates. They will remain September 1 for the fall semester and January 1 for the spring semester.

## Planning Board

Another plank of the paper's platform supported the appointment of an Advisory Planning Board which would lay down adequate standards and guides for the future development of Greenbelt. This the city council has done. The Planning Board got off to a promising start by recommending the angular parking plan in the Center.

## Charter Changes

A final plank of the platform called for charter changes that would strengthen the role of the city council. This was accomplished to some degree by the seven charter amendments passed in May 1960. These changes provided the means of reviewing decisions of the city manager with respect to personnel management, purchase of supplies, and letting of bids for contracts and included the establishment of a 5-man personnel board.

This review of council action is not meant to be exhaustive, since only those items mentioned in the NEWS REVIEW platform are discussed. Other council action has included inauguration of a family subscription plan for the swimming pool, passage of ordinances controlling dogs and cats and regulating parking spaces in courts, the establishment of a joint city-GHI committee, and reorganization of the Youth Center Advisory Board.

## Heart Attack Tips

How can you help someone who seems to be having a heart attack if you are the only other person on hand?

The first and most important thing to do in case of heart attack is to call a doctor at once, says the Heart Association of Prince George's County.

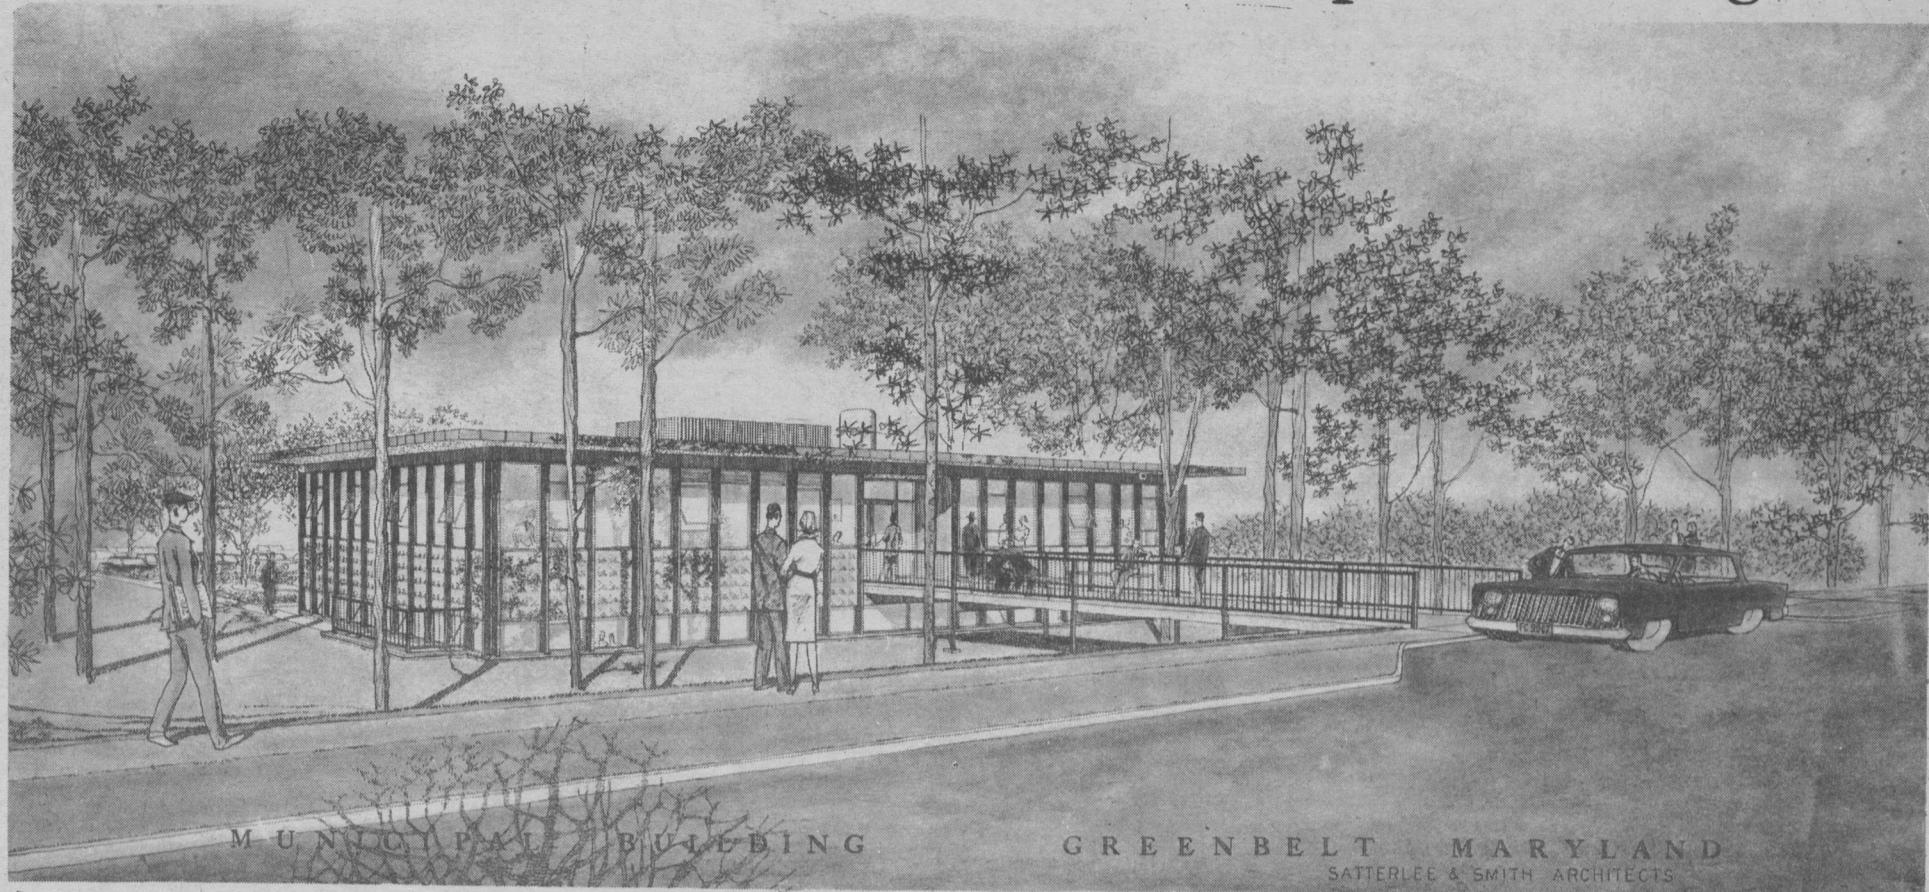

You should also help the patient take a position most comfortable for him (usually half way between lying and sitting), loosen tight clothing and see that he does not become chilled. Do not attempt to carry or lift him or give him anything to drink without the doctor's advice.

In a leaflet entitled "Heart Attack," available from the Heart Association, the symptoms of heart attacks are listed and an explanation given of how atherosclerosis, the condition responsible for most heart attacks, develops. The leaflet also describes the chest pain known as angina pectoris. Requests should be mailed to 5132 Baltimore Ave., Hyattsville, Maryland.

Most patients are able to continue with their usual job once they have recovered from a heart attack. The Heart Association advises them to:

1. Keep weight down.
2. Eat four small meals daily.
3. Get plenty of rest and take moderate exercise.
4. Avoid over-exertion and over-excitement.

# Architect's Sketch of New Municipal Building

## Art in Greenbelt

Tomorrow begins the second week and the second artist in the two-week-long exhibits by Eugenia Likens and James Dinninger at Twin Pines. Like many, you may not "know art," but you do know what you like. We think you'll find much to like in these "one-man" shows.

We are impressed by the very creditable showing of these Greenbelt young people. We suspect, however, that like an iceberg, the hidden talents of our many other residents bulk larger than we know.

The annual Art and Art Crafts Exhibit held on Labor Day provides another opportunity for local artists to display their work. We hope they will volunteer their crafts for exhibit so that we and many others can view the efforts of our fellow citizens. Twin Pines has made a standing offer of space for additional exhibits -- one-man or multiple showings.

Artists can't afford to be too modest about their work (unless all their pleasure is derived from production alone). In Greenbelt there is no excuse for hiding the light of your talent under a bushel. It might even encourage some of the rest of us who have a sneaking feeling that we might have some talent ourselves.

## Dillinger Paintings On Display Here

The second week of art exhibits will begin Friday, August 18, at Twin Pines Savings & Loan Association offices, with the showing of James Dillinger's works.

Dillinger, who resides at 20-N Hillside with his Swedish wife, attends the University of Maryland. Before his decision to study for an M.A. degree, he worked in advertising, attended the American Academy of Art in Chicago, and worked as a musician and special projects artist in the U. S. Navy Band in Washington.

As a designer with theatre groups in Washington, he became increasingly influenced toward a more modern style of painting, which will represent a contrast with the paintings of Eugenia Likens, on exhibit this past week.

Added to earlier prizes at the U. of M., this year he won first prize in Creative Painting and a chance to represent the University at a Midwestern cultural clinic in November.

Dillinger, art editor of the campus art and literature magazine, has exhibited at galleries in Sweden, Greenwich Village, four Washington suburbs, and at the Baltimore Outdoor Show.

## New Band Plans Labor Day Concert

The new Greenbelt Concert Band is getting ready for its next appearance, at the dedication of the Youth Center Building on Labor Day. The band, led by Howard Carle, is actually the former "Prince Georges-Montgomery American Legion Band," which was organized in 1955. The band has held rehearsals at several places in nearby Maryland during the past 6 1/2 years and now hopes to make Greenbelt its permanent home.

Several Greenbelters, including a few women, have already joined the group, and other recruitments from Greenbelt and the surrounding communities will be welcome. Clarinets and other reed instruments, as well as French horn and trumpet players, are especially needed at the present time.

Rehearsals are held every Monday evening, from 8 to 10, in the Youth Center building.

## Horseshoe Pitching

A Horseshoe Pitching contest will be held during the Labor Day Festival. Preliminaries will be held on Saturday, September 2, at 2 p.m., and the finals on Sunday, September 3, at 1 p.m.

## Rec Heads Top Teen All-Stars

The Recreation Department Personnel defeated an All-Star Team of high school teen-agers 11 to 10, under the lights at Braden Field last Tuesday evening before close to 300 screaming fans who were rooting for the teen-agers. The Recreation Department team consisted of swimming pool personnel, Youth Center employees and featured two players of the weaker sex, namely Mrs. Lois Williams and Clarice Rowe who played in the outfield.

The Recreation Department took an early lead on John McElderry's home run and gradually took a lead of 8 to 2. The teenagers finally came to life in the top of the seventh and took a 10 to 8 lead.

In the bottom of the seventh, the teen-agers retired the first two batters with no trouble. Then Steve Smith banged out a single. Mr. "O" tripped and scored on the overthrow from the outfield to knot the score 10 to 10. Warren Leddick beat out an infield hit by a step. John Huffman hit a line double into left center. Leddick turned on the speed and scored the winning tally standing up.

## Popularity Entries

Latest entry in the Greenbelt Festival's Popularity Contest is Miss Kathy Fern of 24 Woodland Way, who last Saturday night was voted by the membership to represent the Teen Club. Other entries are: Miss Greenbelt Theater, Gay Ferrente, 5806 66th Ave., East Pines; Miss Hoffman Cleaners, Shirley Taylor, 5017 Muskegee St., College Park; and Miss Greenbelt Laundromat, Sharon Dean, 69-D Ridge Road, Greenbelt.

Although contestants may enter until midnight on August 21st, all entry fees and all contributions received before 9:00 P.M. on Monday, August 14th will be counted double or two votes for each penny collected.

Entries are being received by the contest chairman, Bev Fonda, 6-A Ridge Road.

This will be a double elimination contest, with trophies awarded in each of three categories.

Participation is open to residents and non-residents. Registration is currently being held and will continue through 1 p.m. Saturday, September 2, at the Co-op store in Greenbelt. For further information, call Ed Wuermser at GR 4-6012.

## Bowling Center Wins Ruth League Pennant

The Bowling Center sponsored team won the Greenbelt Babe Ruth League Championship last week for the first time in its three years of participation. The team, captained by fifteen year old Kirby Moore, played like champions all season and only the Tobacco Shoppe and Fire Dept. were able to beat them. The pitching of thirteen year old Bobby Nuzzo and Kirby Moore, plus the good hitting of George Brunatti, Bobby Schumaker, Mark Gerring and Ronnie Newkirk was too much for the opposition.

Tim Moore and Ed Brandt bat-tled down to the last game of the season for the league batting championship and Moore won it with five hits in his last two games.

Name	Ab	H	Ave.
Tim Moore	43	24	.558
Ed Brandt	33	18	.545
G. Brunatti	44	21	.477

## Invitational Softball Tournament Slated

On Monday, August 28, starting at 7 p.m., the managers of the Greenbelt Little League will hold their 10th Annual Invitational Softball tournament for the benefit of the Greenbelt Little League. This is a double elimination tournament featuring some of the finest softball teams and players in the Washington-Baltimore area.

Again this year we will have two Baltimore teams, one of them starring Tommie Thomas who set all kinds of records here two years ago with his 50 strikeouts in a 33 inning game. The other team will have Sam Hemphill - last year's most Valuable Pitcher. From the Washington area we again will have the cream of the League - with Lucky Conners - Enterprise Inn - The Marine Corps and many other fast teams.

## Bridge Tournament On Festival Program

One of the new features of the Greenbelt Festival this year will be the first annual Greenbelt Duplicate Bridge Tournament. Two sessions will be held at the

## 12 Local Swimmers Qualify for Meet

The Greenbelt Swimming Pool played host to four other pool teams as the five teams, all in the Class B League, vied for eligibility to compete in the Championship meet which is being held this Saturday at another pool. Those qualifying had to earn first and second place awards. Top rated Takoma Park swimmers earned the most first and second place medals, but the Greenbelt youths gave a pretty good showing. Other teams participating were Carrolton, Andrews Air Force Base and Summit Hill.

Greenbelters winning first place were Gary Peacock, butterfly and freestyle; Kathy Labukos, backstroke; Harold Goldberg, backstroke and junior medley; George Aulisio, breaststroke; Billy Webb, breaststroke; Tom Hieber, backstroke.

Second place awards were won by Harold Goldberg, Kendra Keeney, Billy Webb and Rosemarie Aulisio. Third place awards went to Kathy Labukos (2), Kendra Keeney, Richard Castaldi, Kixie Aulisio, Martin Haker, Wally McElberry and Walter Penney.

Takoma Park won 20 firsts, 16 seconds and eight third place awards. Greenbelt won 8 firsts, four seconds and ten thirds. Carrolton took 2 firsts, 11 seconds and 9 thirds. Andrews earned 5 firsts, 3 seconds and 3 thirds, and Summit Hill took 2 firsts, 1 second and 7 thirds.

The Takoma Park team won both the boys' and girls' medleys. The Greenbelt team did not qualify for the girls' medley because a swimmer from each age division was necessary and there were no 17 and under girls on the Greenbelt team.

The Greenbelt team will travel to the Oak View Swimming Pool on Saturday, August 26, for a meet. This should be an interesting meet since the coaches of both teams are brothers.

Youth Center -- on Wednesday, August 30, and Friday, September 1 -- to determine the open pair champions of Greenbelt. Registration will be at 7:30 p.m., Wednesday, preceding the first session.

Trophies will be awarded to the winners and runners-up. There is no restriction on participation. Persons outside of Greenbelt, as well as all Greenbelters, are invited to play. For further information, call director Al Skolnik, GR. 4-6060, or Jim Powell, GR. 4-4075.

Thursday, August 17, 1961

## GHI's Six - Month Report Close to Budget Figure

by AL SKOLNIK

There were few surprises in the financial report prepared by Greenbelt Homes, Inc. comptroller Roy Brashears for the first half of 1961. While the housing co-op's experience for the second quarter was not as favorable as that for the first quarter, combined operations for the first six months of 1961 followed closely the budgeted figures.

In fact, the deficit of \$14,063 (before allocation to reserves) as of June 30, 1961, was within \$4 of the amount predicted. (Because of seasonal heating costs, the budget always anticipates a deficit in the first half of the year). The deficit last year at this time was \$5,200.

Income and expenditures also closely followed the budgeted figures. Both items were some \$3,000 more than expected. Total income from members and tenants was \$578,300 for the first six months of 1961 and expenditures in connection with the housing units totaled \$592,300.

Contributing substantially to increased expenditures in the second quarter of 1961 were the frame re-roofing and exterior trim paint programs. These programs didn't really get off the ground until spring. For example, about \$9,000 was expended in the second quarter for the re-roofing program, three times the amount in the first quarter. Similarly, about \$16,000 was spent on the exterior trim paint program, compared with \$2,400 in the first three months.

Heating costs were another item that were unusually high in the second quarter, running some \$8,600 more than expected in the budget. However, during the first quarter heating costs were below expectation, so that the corporation ended up its first six months operations with heating costs of \$188,200 some \$900 less than budgeted.

The remaining expenditure items showed little variance from the budgeted figures. A possible exception was water expenses, which spurted ahead in the second quarter to exceed the budgeted amount by \$1,800 for the first six months.

### Comparison with Last Year

Total expenditures incurred for operating as well as non-operating purposes were up some \$31,300 in 1961 over 1960, with increases registered in practically every item. However, the increase in monthly charges voted at the beginning of the year and the yield from other income sources--totaling \$22,400--were sufficient to meet two-thirds of these increased costs.

The increase in monthly charges produced \$11,700 more income. The \$25 to \$100 for members selling their mutual ownership contracts was mainly responsible for the \$18,000 increase in sales department fees. Another source of income was the interest yield on savings -- some \$3,700. These increases were offset in part by a drop in income from sales of services to members.

### Raley Buys Store

On August 1 the Greenbelt Tobacco Shoppe was placed under new ownership when the business was purchased by James Raley, a former Greenbelt resident. The former owners were Willard and Phyllis Wilson.

Raley has also rented the unoccupied space which lies between the new High's store and the tobacco shop. He plans either to expand the tobacco shop or to introduce a new line of trade to Greenbelt.

### GHI Notes

The GHI board has decided to waive the transfer fee in cases where the property involves church and other non-profit organizations, already exempt from taxation. . . The board approved an expenditure of \$42.50 for Greenbelt Festival trophies and sponsorship of "Miss Greenbelt" contest entry....

Henry Lyons, 14-Z-3 Hillside, has been appointed to replace newly-elected director Ed Peters on the Advisory Committee for the Housing for the Elderly Program. The latter is planning a public hearing in September.

Director Joe Comproni is head of a committee soliciting bids for group life insurance for members. . . A request by an individual member for approval of an underground bomb and fall-out shelter was turned over to the newly-created standards and improvements committee. This committee has the task of making recommendations with respect to standards to be applied to home improvements, additions, and related matters.

**Rec Review****SLOW-PITCH LEAGUE:**

St. Hugh's and the Lakewood Tigers have clinched the title in their divisions to go into a 2 out of three play-off series for the City Championships. During regular season play, the two teams have met three times with St. Hugh's, the winner of two games of the three. Both teams have excellent slow-pitch pitchers. For Lakewood, Bob Murray will do the mound duty while Ed Bayer and Walt Curtis will work for St. Hugh's. Both teams have excellent fielders. The only edge in the game will be the power at the plate for St. Hugh's. Play-offs start Wednesday, August 23rd, at 8:20 P.M., on Braden Field.

**Slow Pitch League Standings:**  
American Division

St. Hugh's	12	1
Methodist Church	8	5
Community Church	2	13
National Division		

Lakewood	8	5
Democratic Club	5	8
Co-op	5	8

The slow-pitch season will end with a team from the men's league playing a team from the teen-age league on Monday night, Labor Day, as part of the Festival program.

**YOUTH CENTER PARTY - SAT., AUG. 19th**

High's Dairy will host a party at the Youth Center on Saturday evening, August 19th. Refreshments will be served consisting of Cokes, cake and ice cream. We hope to have a band for this affair. The admission price will be \$.50.

**TOP DISTANCE STARS TO RUN IN GREENBELT**

The Greenbelt Nine Mile Run will be held on Sunday, Sept. 3rd, at 2:00 P.M., on Braden Field, as part of the Labor Day Weekend Festival. Runners of national and Olympic fame will be competing. Course record holder Browning Ross, two time winner in the Greenbelt race, will be back to run. Thirty-seven year old Ross has been making a come-back for the past year by breaking old course records.

A new event this year will be a 2 1/4 mile race for boys 19 and under with prizes for the first five places.

Both races will start at the same time on Braden Field.

**DIAPER DERBY**

Once again, as part of the Labor Day Festival, there will be a Diaper Derby (or Baby Crawling Contest). The contest is open to all boys and girls under the age of 11 months. All contestants start in the center of a 20' circle and crawl outward at the starting signal. Parents may try to entice their children into crawling faster with the use of lolly-pops, etc.

The winner will receive a silver cup with the runner-up receiving a silver spoon. There will also be other prizes.

The deadline for entries will be 2:00 P.M., Monday, Sept. 4, at Braden Field. Entries will be taken at 1:00 P.M.

**SPECIAL NOTICE**

All programs in the skating room at the Youth Center will be cancelled as of the 21st of August until the 1st. of October when all Fall programs will begin.

**GHI MANAGER**

(Continued from Page 1) called for one-year occupancy, at the end of which time GHI could determine whether the pilot project had been a success and warranted continuation.

Campbell stated that to cover the deficit of GHI's moving into its own office would cost the members an additional 40 cents a month in charges. One question facing the board is whether the members would feel that the convenience and prestige of having an office in the center is worth the extra money.

**Siren Notes**

By Rita Fisher

The equipment was called out only twice on emergency calls this past week. On Saturday afternoon a motor in the basement of the Greenbelt Theater caught fire and the department was called. The fire was out when they arrived, but two smoke ejectors were used to clear the smoke from the basement.

An Army helicopter was forced to make a crash landing in Beltsville on Saturday evening, and Greenbelt was called to the scene only to be 10-22'd by the time they arrived. Fortunately there were no fire and no injuries reported. The plane landed in the 3600 block of Fairlane Avenue and Beltsville Rd.

An emergency trip was necessary to Ft. Meade on August 8, when a young Greenbelt lad was hit in the mouth during a baseball game at Braden Field. On the 9th, the calls included one O.B. to P.G. and one woman who had run her arm through a door and had a cut forearm.

An eleven-week old baby boy with difficulty in breathing was carried to P.G., with oxygen being administered en route. A man who suffered a bad reaction to penicillin was rushed to Washington Hospital Center on the 10th. Also on the 10th, an elderly woman was carried to P.G. A woman with post-O.B. difficulties was rushed to Doctor's hospital the same day. Two emergency runs on the 14th were listed. A woman with severe head pains was rushed to P.G. and a man was transported to Mt. Alto.

Again our ambulance has come home from a parade with a new trophy to be placed in the display case. At Herald Harbor last Friday night, the trophy was awarded to Greenbelt for the best appearing ambulance out of the county.

Recently the NEWS REVIEW has been printing eye catching ads referring to the department's search for new members. These ads were made up by department member Don Pratt. The ads have earned recognition in national magazines of interest to fire departments, along with a story about the ads. There has already been a request from a department in Roulette, Pennsylvania, for a full set of these ads to be used by them.

Well, this Saturday, providing it doesn't rain, the members of the department have been sent invitations to attend a pork barbecue with trimmings, as the annual picnic gets underway. For the first time, it will be held on the firehouse grounds, right behind the building. And I hope the weather is nice enough for fools like me to keep from catching cold, as I join others at the swimming pool from 9 p.m. to midnight for a moonlight swim, as the department has scheduled a private little splash party. Providing none of us wakes up with pneumonia in the morning, Sunday is the day the kids are waiting for when we'll be going to the Gwynn Oaks Amusement Park for a hectic day of riding the rides. Mama will watch.

**Woman's Club To Serve**

The seventh annual Majorette competition will be held at the National Guard Armory on Saturday, August 19. Members of the Woman's Club will be preparing and serving hot dishes as well as cool drinks, from 8 a.m. to late in the day. Betty Cormack, Finance Director of the club, is in charge of this special food project, which will benefit the youth of Greenbelt.

**Wanted --****Dead or Alive**

Sheriff "Don Bullian has asked me to be a posse of one to track down talent for the Labor Day Festival starting Sept. 1 thru 4th. Anyone interested in entering the talent contest and maybe carry off a handsome trophy, please call Mrs. Josephine Vella at Gr. 4-6134.

**Elderly Housing**

The advisory committee of GHI on the Housing for the Elderly Program met last week to make plans for a public hearing, tentatively scheduled for near the middle of September. It is expected that this meeting will deal with the financial aspects of an elderly housing program.

## New Owner Of Land Here Reveals Plans

By VIRGINIA BEAUCHAMP

Plans for about 70 homes in the \$23,000 to \$30,000 class—with perhaps an occasional residence going as high as \$40,000—are now being made by Charles Bresler, Washington builder, for the further development of a 100-acre tract which he recently purchased from Webb & Knapp. These homes would be built on an extension of Lakeside Drive, arranged around courts or cul-de-sacs, like the present Lakeview Circle. The street would join Greenbelt Road between the four houses that lie between the American Legion Building and the Greenbelt National Guard Armory.

Bresler, who built the Greenbelt Plaza apartments in the Center about two years ago, told the News Review that the rest of the tract will also be developed for residential building. This includes an extension of Westway south past the Jewish Community Center, exclusive of a three-acre parcel which the JCC has recently purchased for future expansion.

Ben Dyer & Associates, engineers, are presently drawing up plans for the development of this section. The townhouse type of construction—four, six, or eight houses grouped around a center square—is being considered, since this type of construction offers maximum green space and avoids the monotony of rows of houses set along both sides of a street. Houses in this section will probably cost from \$18,000 to \$20,000.

Provisions for park areas in the tract is also being made—probably as a buffer between the residences and the Legion hall and armory. The builder also plans an attractive planting of trees and shrubs, and possibly the building of a low wall, to screen the half circle on Greenbelt Road between the four houses built some years ago by Warner-Kanter, original purchasers of the property, when it was sold by GHI. Bresler also stated that he is considering the possibility of filling in the marshy area of the lake and dedicating it to the city of Greenbelt for a municipal park.

Because of the projected Circumferential Highway, which will pass west of Greenbelt Lake as an elevated road, plans for roadways in the Bresler tract must be carefully made to take into account the effect of this man-made barrier to access from one side of Greenbelt to the other. At present the builder is considering a road which would lead from the lower end of the lake across the dam, to join, finally, Crescent Road.

Stressing that all these plans are at present in a fluid stage, pending the recommendations of the planning engineers, Bresler stated that he hopes to begin construction of the first of the buildings next spring.

## GCS Sale Prospect

The latest information received with respect to the prospective sale of the commercial property in the center is that Greenbelt Consumer Services is considering sale of just the two buildings, while retaining ownership of the parking lot by the store. As a result, city council is requesting from GCS what its plans are with respect to parking, so that future occupants of the center will be made aware of the problem.

## Football Tryouts

Bud Dean, President of Greenbelt Boys Club, is issuing a call for all boys interested in playing football in the 85, 100 and 115 lbs. classes. All boys should report to Dean at 2 p.m., Sunday, August 20, at Braden field.

## Council Candidates

(Continued from Page 1) not known until after midnight. The biographies of the announced candidates follow:

### GOLDFADEN

Goldfaden has served three previous elected terms as councilman—1951-53, 1953-59, and 1957-59—and one appointive term. He came to Greenbelt in 1938 as Assistant Recreation Director, after graduating from George Washington University in 1937. He received a M.A. in Education in 1940. In 1943 he became director of recreation in Greenbelt, a position he held until 1947, except for an interrupted period of war service in the Navy. From 1947 to 1952 he taught at Bladensburg Junior High School. He is now with the Massachusetts Mutual Life Insurance Company.

Goldfaden was an officer and director of Greenbelt Athletic Club and a member of the first GVHC board of directors. He has served on the GCS board and has been the Boys Club Counselor for eight years. He was president of the Lakeside Home Owners, Inc., and a member of the American Legion. In 1957 he was appointed to the Prince Georges County Industrial Committee.

### PHILLIPS

Phillips moved to Greenbelt in 1957 upon assignment to Ft. Meade as an Air Force intelligence officer. Upon retirement in 1958 for a service-connected disability, he chose to remain in town.

Born in 1922 in New Jersey he attended public schools in Massachusetts. He studied at Mary Knoll College, receiving a A.B., and at Boston College, receiving a M.Ed. in guidance. He is also a graduate of service schools and the Life Underwriters Training Council. He taught four years in high schools and has been a salesman for five years.

His current civic activities include the following: Secretary Prince Georges Section of Holy Name Societies; director, Greenbelt Lions Club; program chairman, St. Hugh's Home and School Society. He has recently organized a job-clearance center for teen-agers.

His wife, Barbara, will teach at North End School. They have four girls and two boys, aged 2 to 10.

### BOWMAN

A resident of Greenbelt since 1944, Bowman has been active in PTA, co-op, housing, council library, and educational organizations. He was first elected to council in 1959. He was incorporator and first president (3 years) of Twin Pines; incorporator and secretary of GHI for 12 years; secretary and past president of Rapidan Camps; former employee, past board member and audit committee chairman of GCS, member Group Health Assn. and Potomac Cooperative Federation.

He served as local trustee and past president PTA; past president and membership chairman, Intercultural Relations, County Council, Life Member (honorary) Chairman, Citizenship and International Relations; General Chairman 1961 Convention.

Other activities include association with Maryland Fair Representation Committee, Friends of Libraries in Prince Georges County, Foreign Student Service Council, American Civil Liberties Union, and Md. Suburban Memorial Council. He has been past president of Greenbelt Garden Club and United Nations Day Chairman, 1960-1961.

A graduate of Antioch College and a Navy veteran of World War II, Bowman is employed with the Army Engineers. His wife, Ruth, is Co-op Kindergarten teacher. They have three children and are members of the Community Church. Bowman is adult advisor to H.S. Fellowship.

### CHAMPION

Champion, seeking his second

## The Driver's Seat

Summer weekend and vacation trips expose the average motorist to more open-highway driving than he experiences during the rest of the year. Although nights are longer during the winter and evening falls comparatively early, most drivers encounter after-dark winter driving on city streets, or on short-haul rural or suburban road trips.

In summer, however, weekends and vacation periods encourage long drives on open highways, with much of the driving done at night. It's a suitable time to review after-dark driving practices. Here are a few tips for safety on the open road at night:

1. Remember that your visibility is reduced after dark and vision often is distorted. This calls for reduced speed, even on expressways and tollways. Your headlights are designed to provide adequate illumination for 320 feet at night. But, when you drive at 65 miles per hour, you need 452 feet of stopping distance. At high speeds at night, you travel faster than you can see.

2. Make sure your windshield and headlights are clean before you start a night driving trip. Wipe them off periodically when you stop for fuel or refreshments. A film of dirt can reduce visibility as much as 40 per cent.

3. When approaching another vehicle on the road, always look to your right at the edge of the road. Even if the other driver does dim his headlights, you'll escape most of the glare that even dimmed lights present.

4. Use your road lights on the open highway when no other vehicles are approaching. They not only help you see further ahead in the darkness, but they'll be picked up as far away as 2,500 feet by reflective signs that warn you of intersections, curves and other hazards of the road ahead.

5. Do your best to make yourself seen by other drivers at night. Turn on your driving lights at the first sign of dusk. Don't use parking lights while driving. If you must pull off the road for an emergency, leave both your parking lights and interior lights on.

6. Be sure to remove sunglasses or other tinted glasses at the approach of dusk. They may ease eyestrain during the day, but they reduce visibility too much at night.

term as city councilman, has lived in Greenbelt since July 1955. He has four years experience with a utility oil and gas consulting firm in Washington, D.C. and is a 1958 graduate of the University of Maryland where he majored in accounting.

Champion's civic activities include one term on the audit committee of G.H.I. starting in 1957 past director of the Lions Club, director of Greenbelt Junior Chamber of Commerce, past chairman of Ways and Means committee of the North End PTA and member of their recreation committee. He has served as auditor and / or tax advisor to the following organizations: Lions Club, Junior Chamber of Commerce, North End PTA, Greenbelt Cooperative Kindergarten and Foreign Language Association of Greenbelt.

Former residents of Minnesota, he and his wife Corrinne have four children and reside at 11-Laurel Hill Rd. They are members of the Metropolitan Memorial Methodist Church.

## Ernissee Named

GHI Board has announced that Hugh W. Ernissee, 9-J Ridge, has been appointed chairman of a newly-created membership relations and information committee. Its duties will be to evaluate present media used to inform members and to devise additional plans for increasing the flow of information back and forth between the members and the board and management...

## Resorting Hopes Die

If you think it is hot and uncomfortable in Greenbelt in the summer, then it might help to know that some people consider Greenbelt a summer resort. Disclosed at last Thursday's Greenbelt Homes, Inc. meeting were the plans of one member to spend the summer months in Greenbelt and the remaining nine months of the year in Florida.

To accomplish this goal, the member petitioned the board to permit him to retain ownership of his home and sublet for the nine months that he is in Florida. The board, while approving this arrangement last year, felt that such an arrangement on a continuous basis constituted in effect absentee ownership and declined his petition.

But the board was not without sympathy. Director Harry Zubkoff suggested that the member reverse his relationship with

## Women's Bowling

The Women's Bowling League has announced plans to start the season of bowling on September 6 at 7:30 p.m. Registration nights have been scheduled for Wednesday August 23 and Thursday August 24 with registrations being accepted from 7 to 9 p.m. All women are invited to join this league which will have games scheduled from September to sometime next Spring. Officers of the League are expected to be on hand on registration nights at which time teams will be expected to submit W.I.B.C. and Franchise fees. For further information call Mrs. Mary Moore at GR 4-8467 or Mrs. Betty Brooks at GR 4-6300.

the tenant, by selling him the house and subletting for the summer months!

# Our Neighbors

By ELAINE SKOLNIK GRanite 4-6060

If you stopped in at the Youth Center during the past few weeks, you would have found some very busy juniors and seniors beautifying the interior of the building. They are playing a big part in planning for the dedication ceremonies on September 3. In addition to wielding paintbrushes, they are pushing pens. Hundreds of invitations are being sent out to former Greenbelters who worked hard and long toward the goal of a building for the youth of our community. The weeks ahead will be active ones for the teens, for they are helping to design the program for the ribbon-cutting ceremonies and are preparing for their roles as hosts and hostesses on that all important day. Their representatives, Sandy Ciatto and Kenny Powell, are serving on the 10-member Dedication Committee.

Sorry Mr. and Mrs. Lambert Pickard, 9-C Parkway, for spelling your name wrong in last week's column.

It's a boy for Mr. and Mrs. Robert Cookson, 13-X Ridge. Allan Lawrence was born August 2 and tipped the scales at 9 lbs. 4 oz. He joins Bobby, Chuck, Lynn, Richard and Doug. Allan is named after his late grandfather, who was a long time resident of Greenbelt.

Robert and Jane Murray are the proud parents of a son. Allan Alexander arrived August 3, and weighed 8 lbs. 2 oz. He has two brothers, Bob and John, and a sister Patsy. Mrs. Murray was a former teacher at North End School.

Terrance, Mark, James, Dwayne, and Michael Burchick, 20 Woodland, are thrilled that they have a baby sister. Diane Layce made her debut August 10, weighing 4 lbs. 7 oz. Her mommy and daddy are Michael and Myra Burchick.

At last Friday's duplicate

bridge session, Ann and Tony Pisano emerged victorious, nosing out by a half-point runners-up Lucille and Louis Lushine. Tying for third place were the teams of Sid Barnett-Jim Lushine and Ellie Ritchie-Al Skolnik.

From Vermont the good word is, "Having a good time." Yes, all of them - Dial and Hal Silvers, Larry, Smaro, Helen, and Connie are enjoying their tour of the New England States and Canada.

Vacationing at Virginia Beach in the Martha Washington Motor Hotel, were Mr. and Mrs. Anthony J. Sowa, 43-A Ridge.

Birthday greetings to Kimberly Sullivan, 53-D Ridge, who will be two years old on Friday. Some little friends will help her celebrate.

A very happy birthday to Donna Peterson, 47-D Ridge, who was twelve years old.

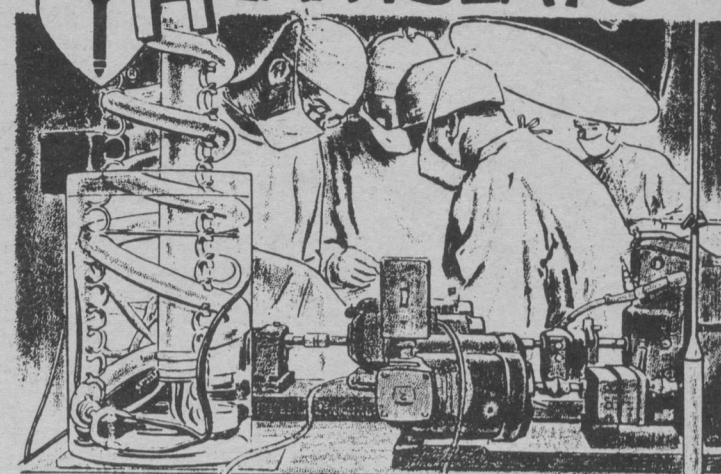

It's a pink bundle for Mr. and Mrs. Peter Labukas, 21 Lakeside. Lynn Marie made her debut August 7, weighing 7 lbs. 9 oz. She joins Kathy, Peter and Betty Jo.

Niagara Falls and Quebec and the New England States made marvelous camping sites for the McDonnell family, 2-J Northway, last week.

Sorry to hear that Fred Birdseye, 37-A Ridge, is ill. We wish him a quick recovery.

It's two birthdays within eight days at the Fisher residence, 2-H Gardenway, with Vicki becoming nine on August 11 and Natalee reaching 13 on August 19.
